Company Overview

Cognizant (CTSH) is one of the world’s leading professional services companies, transforming clients’ business, operating and technology models for the digital era. Our industry-based, consultative approach helps many of the best-known organizations in every industry and geography envision, build and run more innovative, efficient businesses.

With corporate headquarters in the United States and more than 270 offices and digital hubs worldwide, our global presence extends our delivery capability and amplifies our impact.

The Cognizant Difference

Cognizant is designed to help get digital done across large, established organizations—one of the few companies with the breadth of capabilities needed to do it:

- **Deep technology and industry expertise** at the scale required to transform the world’s most complex and critical enterprises
- **Long-term, trusted relationships** helping to design and manage our clients' most essential business processes, giving us the ability to understand their complexities and spot opportunities
- **An agile, diverse, born-global team** that combines a massive delivery capability in India with a network of delivery centers in North America, Europe, Latin America and Asia able to partner locally
- **A client-first culture of flexible ways of working**, entrepreneurialism and empowerment that enables us to collaborate seamlessly with clients
- **A sound management track record** of shifting ahead of client needs, building new capabilities and delivering industry-leading growth to investors

When we do digital at scale and speed for clients, we systematically rethink how they create value in their organizations. **We utilize our expertise in 20 different industries to leverage AI & analytics, enhance interactive experiences, automate processes, develop platforms, modernize infrastructures, and engineer digital solutions that help clients capitalize on the tremendous opportunities the latest technologies offer.** And to help speed clients’ journeys toward becoming digital, we bring our digital capabilities and industry expertise together into horizontal offerings and industry solutions that accelerate the most essential leaps that today’s technology makes possible.
