Today's successful consumer-directed health (CDH) strategies integrate leading edge IT solutions and business partnerships to deliver expansive, Internet-based self-service capabilities to all constituents.

A comprehensive software solution
The Facets CDH Suite combines TriZetto Facets core administration technology with pre-integrated adaptor and TriZetto portal technology components. The result is a single, highly effective consumer retail solution that enables:

- Automated, accurate and cost-effective administration of FSA/HRA/HSA benefit plans
- Management of consumer funds
- Integration with Web-based tools for health and wellness education, as well as provider cost and quality assessment
- Debit card and financial institution integration for real-time point-of-service patient liability and claims adjudication
- Proactive, automated care management with continuous member monitoring
- Web and decision-support tools to effectively manage benefits, care and financial status and provide ready access to critical information

TriZetto Facets CDH Suite™ provides:

- Automated, accurate and cost effective integration of HRA/FSA / HSAs
- A single source of information with referential integrity
- Cost savings through improved workflow and duplicate process reduction

The Facets CDH Suite may be purchased by component, depending on your consumer-directed goals, and deployed on a licensed, hosted or comprehensive outsourced basis. For plans interested in advanced care management, TriZetto offers the CareAdvance Enterprise® solution—a secure, Web-based communication platform for case, disease and population management which includes robust personal health management capabilities.

In addition to the TriZetto Facets CDH Suite, we offer an extensive line of solutions and services that harness the power of digital to optimize your business. Achieve new levels of performance and efficiency with Digital Business, Digital Operations, and Digital Systems and Technology capabilities from Cognizant.

Integrated benefits, funds and care management tools
The Facets CDH Suite’s integrated portal technology solutions provide around-the-clock access to critical information and an array of tools that facilitate communication and transaction processing, as well as health management and decision support to help consumers more efficiently manage their care. Information on drug therapy options empowers members to review and select alternatives based on timely, accurate and personalized information. Other tools enable consumers to assess the cost and quality of healthcare providers and search for evidence-based medical information to support their understanding and management of diagnosed medical conditions.
