

LADY TECH SCHOLARSHIPS

Cognizant Technology Solutions has created *Lady tech scholarships*. Lady tech is a scholarship for women **between 18 and 25 years old** who want to study a university degree in **computer science or Telecommunications engineering** or double degrees that include one of these two degrees.

The objective of this initiative is to encourage university education in technological degrees among young women, to try closing the balance of the number of men and women who study these degrees. In total **20 scholarships of € 500 are offered**.

Requirements:

- Being a woman and being between 18 and 25 years old
- Be enrolled in a university degree in the field of computer engineering or telecommunications in a Spanish university, whether public or private, whose certificate is approved by the MEC
- Only the subjects that are taken in 1st call will be taken into account to obtain the scholarship. The total cost of the subjects of the first call and with a maximum limit of 500 euros per person and year will be paid. To receive the aid, it must be a new enrollment subject.
- The payment of the scholarship will be made during the first fortnight of the month of November

How to get the scholarship

You must send an email to crecruitpain@cognizant.com putting in the subject "**Lady tech**" before **September 30th** providing the following documentation:

- Application document (You can request it sending an e-mail to crecruitpain@cognizant.com)
- Phone number
- Photocopy of ID or NIE
- Bank account number
- Photocopy of the proof of payment of the registration fee

- Photocopy of the university registration where the number of call of each subject is specified

The allocation of the 20 scholarships will be made according to the order of application and taking into account the total budget allocated to these grants. In the applications must include all the documentation detailed above in order. During the first half of October we will notify by e-mail the granting of the scholarship to the applicants of the same.
