

Cognizant WorkNEXT™ Unified Endpoint Management

Drivers for a Digital Workplace

INCREASING

PROLIFERATION

MAINTAINING

CONSUMERIZATION

mobile workforce

of mobile devices

security & compliance

of business apps

49%

of information workers use at least three devices for work¹

54%

of organizations will have UEM solutions in place by 2020²

1.77B

smartphone shipments worldwide by 2021³

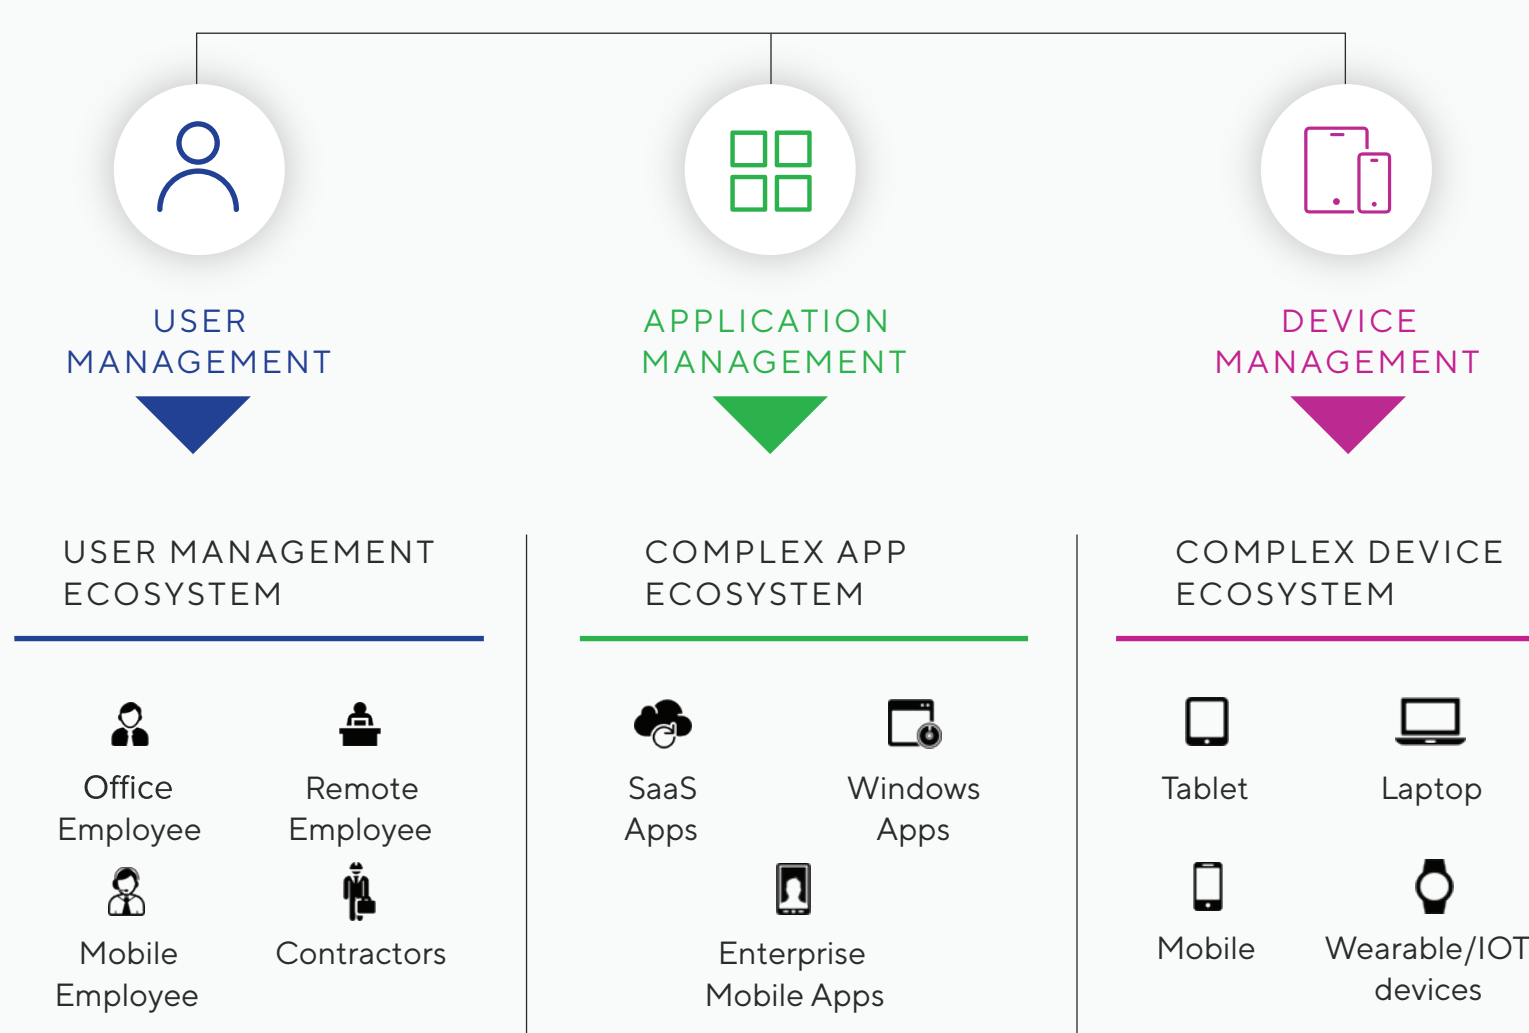

50%

of the total Global Workforce will be Millennials by 2020⁴

To remove barriers to workforce mobility, CIOs need to deliver the right apps and information to the right user, on the right devices

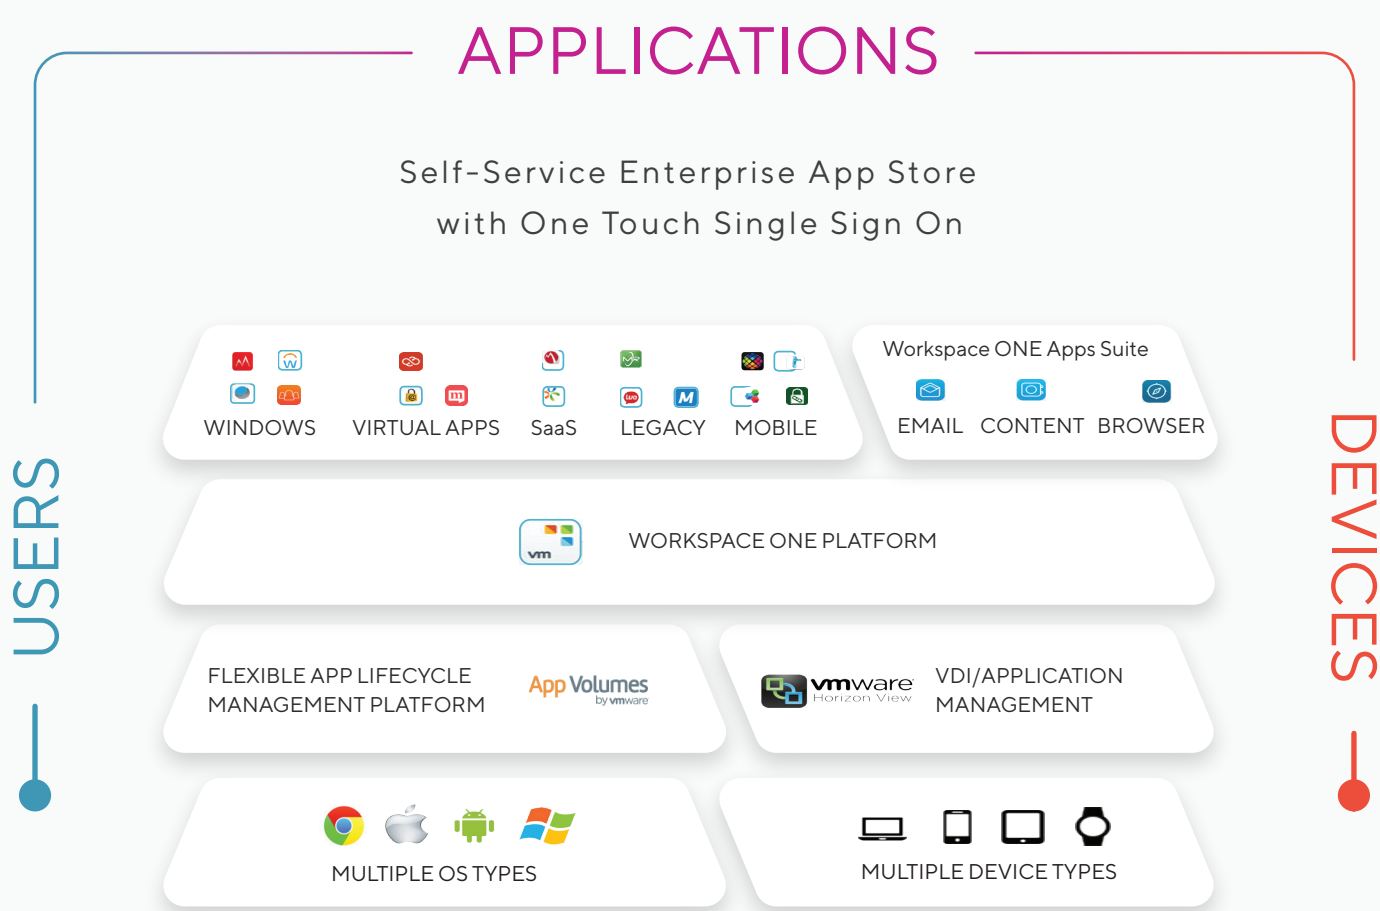

Complex Workplace Ecosystem

Siloed Approach to Enterprise IT Management

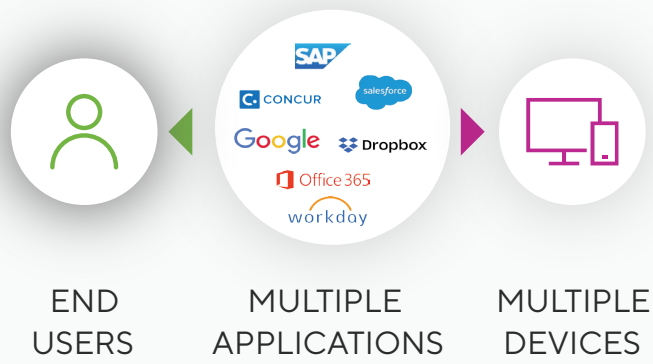

Such complex workforce ecosystem creates the need to provide a simple consumer style experience for end-users with focus on security and organizational compliance

Bridge Silos to Enable Any App, Any Device

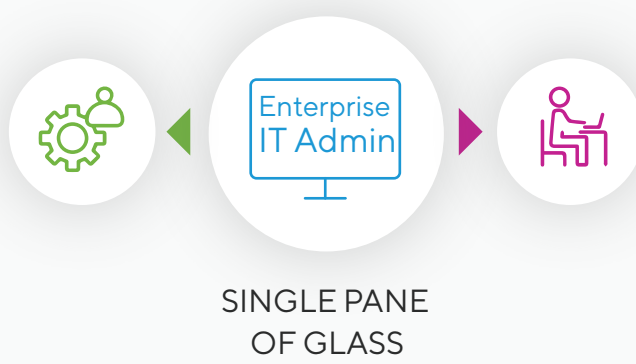

WorkNEXT™ UEM for End Users

- Flexible to work on multiple devices on any network
- One-click access to cloud and internal apps
- Self-service, app provisioning from single catalog
- Consistent user experience

WorkNEXT™ UEM for Enterprise IT

- Optimize cost by enabling BYOD
- Scale quickly to meet organizational demands through unified device administration
- Smart policies for SSO experiences and contextual user experience
- Self-service capabilities with single pane of glass management
