

Data sheet

TriZetto Facets Dental

Efficiency, satisfaction and incentive management in one core system.

Dental administration has its own unique processes and language—demanding a comprehensive technology solution capable of supporting today’s sophisticated programs.

Meeting today’s dental plan requirements and supporting tomorrow’s improved dental health

TriZetto® Facets® Dental solution supports the complexities of new and emerging dental fee-for-service and managed care benefit plans—for individuals, commercial employees and retirees covered by government programs such as Medicaid.

With Facets Dental solution, you can respond quickly to emerging opportunities, expand automation levels and optimize the coordination of member benefits, care and incentives.

Increase efficiency

Facets Dental solution simplifies today’s complex dental plan configurations while automating workflows. Administrative efficiency is enhanced by features that include user-defined criteria, duplicate claims payment safeguards, services unbundling, an

Unique dental capabilities:

- Tooth chart for dental claims
- Patient historical data
- Multiple pricing methodologies
- EDI support
- Provider integration
- Proper dental cavity designations
- Utilization edit

easy reference tooth chart and definitions of service limit replacement procedures and time parameters.

- Process more claims with greater accuracy for both in-network and out-of-network providers
- Optimize workflows associated with claims payment processes
- Reduce manual processing for recurring scheduled services, such as orthodontia

Improve member satisfaction

Facets Dental solution provides members with a predetermination of benefit eligibility and out-of-pocket expenses in advance of dental procedures to help them prepare for and manage dental expenses.

- Provides detailed explanations of member benefit and coverage
- Identifies member out-of-pocket expenses prior to service delivery

Drive member behavior

Facets Dental solution offers two incentive products to help you quickly bring new preventive care models to market. Incentive Dental and Dental Rewards offer enhanced benefits that are directly tied to patient-specific actions with speed, accuracy and efficiency. The result is:

- Fast response to changing market requirements
- Alignment of patient behavior with benefit plans to decrease the cost of care

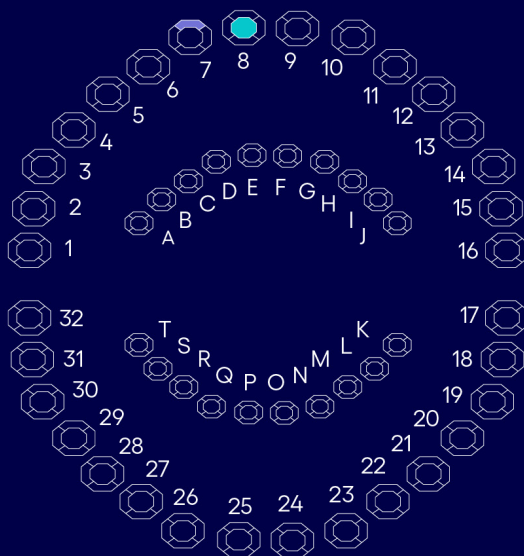

Your comprehensive dental solution

Facets Dental solution is ready to support today's dental business and tomorrow's plan growth. Simplify dental configurations, automate workflows and increase auto-adjudication while a highly configurable interface—including built-in preventive care models—supports new product offerings.

Reach your dental objectives faster

In addition to Facets Dental solution, we offer an extensive line of solutions and services that harness the power of digital to optimize your business. Achieve new levels of performance and efficiency with Digital Business, Digital Operations, and Digital Systems and Technology capabilities from Cognizant.

Facets Dental solution includes an easy-to-reference tooth chart to simplify Data Capture and Analysis.
