Snapshot

With corporate headquarters in the United States and **offices worldwide**, our global presence extends our delivery capability and amplifies our impact.

Company overview

Cognizant (Nasdaq-100: CTSH) engineers modern businesses. We help our clients modernize technology, reimagine processes and transform experiences so they can stay ahead in our fast-changing world. Together, we're improving everyday life.

The Cognizant difference

Cognizant is designed to bring new levels of relevance to large, established organizations through the strategic application of the latest technologies. We're one of the few companies with the expertise and breadth of capabilities needed to get it done.

Exceptional digital transformation experience

We originated from expertise in data and applications and continuously invest in new technologies to drive outcomes.

More flexible and responsive engagement model

We co-create with you a shared vision that works toward your business success.

Innately industry-centric

From the start, our industry-first approach to business problems has helped us see the unseen and deliver continuous modernization.

A sound management track record

We're known for understanding and anticipating shifting client needs, building new capabilities and delivering industry-leading growth to investors.

We systematically rethink how technology can create value for our clients. **We use our expertise across 20 different industries to create compelling experiences and innovative products, pulled together by automated processes, built on agile and flexible platforms, to help our clients stay continually relevant to their customers.** And to help speed clients' journeys toward becoming digital, we bring our digital capabilities and industry expertise together into horizontal offerings and industry solutions that accelerate the most essential leaps that today's technology makes possible.
