

“With a strong industry-wide presence and a proven track record in scaling automation initiatives, Cognizant continues to lead in the intelligent process automation space. Its strategic investments in AI—including the launch of its Advanced AI Lab and enhancements to the Neuro® platform, such as the Multi-Agent Accelerator—underscore its commitment to driving next-gen automation. Combined with deep delivery expertise, a diverse partner ecosystem, and a reputation for client-centric outcomes, Cognizant has further cemented its position as a Leader in Everest Group’s Intelligent Process Automation (IPA) PEAK Matrix® 2025,” says Vaibhav Bansal, Vice President, Everest Group.
