

CLAIMS DENIALS SOLUTION

MAXIMIZE PROFIT POTENTIAL BY RESOLVING AND PREVENTING CLAIMS DENIALS

A growing backlog, medical necessity issues, inaccurate clinical coding rejections and lengthy cycles can have a troublesome effect on claims. Revenue cycle management (RCM) experts can save your organization time and money by allowing claims to be managed by professionals skilled in the latest compliance issues, while offsetting high operating costs at the same time.

Intelligent Claims Administration

Bolder Healthcare can manage the entire lifecycle of your organization's effort heavy, highly technical and clinical claims with legal and clinical expertise and accuracy. We understand the various challenges and have designed a unique end-to-end solution to address your needs.

Claims Denials Experts

We have deep expertise in claims processing and have a sensitive understanding of the payer-provider relationship. We accept denials at any step of the process and expedite claims processing with complete staffing or supplement existing staff, relieving your organization of lengthy process loops and inefficient administrative tasks. With our expertise model, cost-per claim expenditures may decrease, thereby increasing revenue potential.
