Gain Superior Business Value with an Exceptional Oracle Retail Partner

Creating a Better Enterprise, Today.

Oracle Retail is among the most powerful software applications of choice for retailers worldwide. But implementation and support can be challenging. And expensive. With us, you don't have to worry.

We have a long track record of excellence with major retailers. You can count on first-rate Oracle implementation and support, matched precisely to your business, executed in less time and for less cost.

You'll strengthen your business in all the ways that matter: merchandizing responsiveness, supply chain agility, data integrity, and a better experience for your customers. With all the advantages of the end-to-end connected enterprise.

Not Just A Practice, A Passion.

Eight of every ten of our onsite Oracle Retail consultants previously held a senior position in retailing. We know your business in ways that non-retailers cannot. Our methods are based on your realities.

Plus, we have over a decade of Oracle Retail application suite experience across every version and module. We are the industry leaders in v13 support and enhancements with proven credentials. We helped write parts of the original Oracle Retail software. And we have a long history of executing Oracle Retail training on behalf of Oracle Retail University. You simply cannot be in better hands.

Faster to Market, with Greater Assurance.

Our round-the-clock global delivery system integrates your efforts with ours. Our "Two-In-A-Box" global delivery model provides in-depth local consulting and onsite teams focused on your business applications and partnered productively with your people.

State-of-the-art solution accelerators are built into the process. Our reusable frameworks and components speed your Oracle Retail implementation by 20% to 50%. Our approach includes:

- Proprietary Cognizant 2.0 global knowledge/project management environment.
- Best-In-Class application value management methodology using repeatable framework.
- Upgrade methodology.
- SOX compliance/process improvement framework Retail Merchandising System testing automation.
- Tools for batch monitoring, mass change, version upgrade, database analysis and schema comparison tool.

Top-tier Thinking on Your Bottom Line.

Every client should ask this question: Will I get the talent I need once the contract has been signed? With us, yes. At a time when many large consultants are stretching at the edges of their Oracle Retail

Cognizant

talent pools, our Oracle Retail Practice has the breadth and depth to ensure your project is staffed only by experts focused on retailing and Oracle. The people you deal with every day are directly connected to the technicians working on your systems. Service is both smart and smooth. And cost efficient.
